ULTIMATE PERFORMANCE

# BEX<sup>®</sup>

ULTIMATE PERFORMANCE

Vehicles and large machinery are major investments. Protect them with **BEX<sup>®</sup>** performance lubricants to extend engine life and to avoid costly downtime.

All products are Made in USA with advanced technology, using only 100% virgin base oils and premium additives for ultimate performance.

**BEX<sup>®</sup>** performance lubricants are formulated **EX<sup>3</sup>** to perform under the most severe conditions and to deliver consistently superior power and high performance plus increase fuel economy.

Visit [www.BEXoil.com](http://www.BEXoil.com) for more information or to download a Distributor Application.

**CORPORATE GOAL:**

- Consistently deliver products that exceed customer expectation
- Flexibility in service, design, formulation and marketing
- Availability 24/7 including holidays to better serve our global customers

**MANUFACTURING:**

- Blending a wide range of viscosities
- Automotive, heavy duty, agricultural, industrial, specialty fluids
- 141 bulk storage tanks
- Multiple production lines to fill sizes 1L up to bulk flexitank
- Quality control processes for consistent conformity to industry standards

**BEX<sup>®</sup> PERFORMANCE LUBRICANTS**

**Extended Protection for All Engines**

[www.BEXoil.com](http://www.BEXoil.com)

**FULLY SYNTHETIC MOTOR OILS FOR GASOLINE, DIESEL & EUROPEAN TURBO ENGINES**

**BEX®** Ultimate Performance synthetic lubricants provide 16,000+ km of performance. They are exclusively formulated to exceed tough OEM and US performance standards, providing superior protection to extend engine life. Available in a wide variety of viscosities. Meets both API and ACEA specifications. Package sizes 1L, 4L, 5L, 5GL, 20L, 208L, 1000L.

- ✓ Ultimate performance in severe driving & hot/cold weather conditions
- ✓ Exceptional viscosity stability & thermal endurance
- ✓ Peak protection against sludge & corrosion
- ✓ Formulated with ZDDP for extended wear performance
- ✓ 100% synthetic technology to extend drain intervals & keep engines cleaner
- ✓ Maximized fuel economy

**European Formula Synthetic Oils also include:**

- ✓ Diesel Particulate Filter (DPF) protection
- ✓ Ultimate performance low SAPS for newer turbo diesel or gasoline engines

**SEMI-SYNTHETIC MOTOR OILS FOR GASOLINE & DIESEL ENGINES**

**BEX®** Advanced Performance synthetic blend lubricants provide 12,000+ km of performance. They are exclusively formulated to exceed toughest US performance standards and provide superior protection to extend engine life. Available in a wide range of viscosities which meet current API specifications. Package sizes 1L, 4L, 5L, 5GL, 20L, 208L, 1000L.

- ✓ Friction modifiers reduce engine wear
- ✓ Exceptional viscosity stability & thermal endurance
- ✓ Cleaning power reduces sludge, soot & corrosion
- ✓ Maximized engine performance in all driving & weather conditions
- ✓ Increased fuel economy

**GEAR LUBES**

**BEX®** Gear lubricants are formulated with Limited Slip Performance and premium additives for longer gear and bearing life. Available in a several viscosities which meet current industry specifications. Package sizes 1L, 4L, 5L, 5GL, 20L, 208L, 1000L.

- ✓ Superior extreme pressure additives prevent severe wear
- ✓ Delivers smooth, efficient & reliable performance in low or high temperature
- ✓ Exceptional viscosity stability & thermal endurance
- ✓ Ultimate protection from corrosion, stain & rust

**PREMIUM LUBRICANTS FOR SMALL ENGINES**

**BEX®** Premium small engine lubricants are specially formulated for use in motorcycles, outboard motors, snowmobiles, chain saws, & other fuel injected 2 cycle engines. Available in various package sizes and viscosities.

- ✓ Advanced cleaning power to protect & extend engine life
- ✓ Superior thermal stability
- ✓ Ultimate protection against scuffing, friction, heat & wear
- ✓ Resists foaming in high speed motorcycle engines
- ✓ Reduces spark plug fouling

**ANTIFREEZE - COOLANTS**

**BEX®** Premium antifreeze-coolants include both conventional and extended life formulas. Suitable for use in both cars and trucks. Package sizes 208L, 1000L.

- ✓ Protects against freezing
- ✓ Protects against overheating
- ✓ Superior anti-rust & corrosion properties
- ✓ Two-in-one formula performs in both low & high temperatures
- ✓ Protects all cooling system components

**AGRICULTURAL & INDUSTRIAL LUBRICANTS**

**BEX®** Premium lubricants are specially formulated for hydraulic systems & components in equipment from major domestic & foreign manufacturers. Suitable for a wide variety of applications: trucking, mining, construction, agriculture, vane pumps, logging. Package sizes 5L, 5GL, 20L, 208L, 1000L.

- ✓ 6,000 hour formula reduces maintenance costs
- ✓ Protects against deposits, varnish and oil degradation
- ✓ Superior anti-wear & anti-rust properties
- ✓ Ultimate performance & viscosity stability in low & high temperatures

**CONVENTIONAL MOTOR OILS FOR GASOLINE & DIESEL ENGINES**

**BEX®** Premium Performance conventional lubricants provide 10,000+ km of performance. They are specially formulated to exceed toughest US performance standards and provide superior protection to extend engine life. Available in a wide range of viscosities which meet current and past API specifications. Package sizes 1L, 4L, 5L, 5GL, 20L, 208L, 1000L.

- ✓ Ultimate performance in all driving & weather conditions
- ✓ Superior protection against soot, sludge & corrosion
- ✓ Viscosity stability & thermal endurance
- ✓ Enhanced fuel economy

**FUNCTIONAL FLUIDS**

**BEX®** Premium Performance functional fluids include both conventional and synthetic formulas for automatic and continuously variable transmissions, plus power steering and brake fluids. Package sizes 1L, 4L, 5L, 5GL, 20L, 208L, 1000L.

- ✓ Ultimate protection against oxidation, varnish & sludge
- ✓ Excellent performance in both hot & cold temperatures
- ✓ Excellent frictional & anti-wear properties to extend transmission life
- ✓ Resists shudder for smooth & quiet steering operation
- ✓ Protects vital brake system parts

**All products are Made in USA with advanced technology, using only 100% virgin base oils and premium additives for ultimate performance.**
