

## TECHNICAL DATA SHEET

### PRODUCT DESCRIPTION

BEX® SAE 10W and SAE 30W PRESERVATIVE BREAK-IN OIL is designed for preservation, break-in, and lubrication of reciprocating internal combustion engines of both spark-ignition and compression-ignition types, and of power transmission fluid applications in various types of on-road, off-road, and military equipment. This product is formulated with group II paraffinic base oils and a specialty additive package which is designed to provide excellent rust and corrosion protection. Further, high levels of anti-wear and detergent additives make this product suitable as high quality, break-in, short-term lubricant
